AUGUST HEALTH EDUCATION & WELLNESS PROGRAM—CANCER—CAUSES AND PREVENTION: Cancer is the second leading cause of death in the United States. Cancer, however, is highly treatable, and even curable, if caught in the early stages. Early detection (with regular screening checkups) and treatment are the key to beating this disease. August's packet will explore the latest information, detection guidelines, causes and prevention of cancer. Packets will be available at all medical facilities in August and upon request to Carol Roth, 867-3414, CHS-005, email **Roth-1, Carol**. (JJ-C)

COLORECTAL CANCER SCREENING, with Hemoccult slide kits, is available at all medical facilities during hours of operation. (JJ-C)

SCREENING MAMMOGRAMS (for breast cancer) are available on site, at KSC, through Women's Center for Radiology. Call for an appointment: 1-800-367-1870. Schedule: October 19, 1999, Location: Southwest corner of the parking lot behind HQ Building. (JJ-C)

VISION SCREENING: Visual Acuity and Glaucoma Testing:
Tuesday, August 24 11 a.m. to 1 p.m. OHF (Occupational Health Facility) (JJ-C)

BLOOD PRESSURE SCREENINGS are available at all medical facilities during hours of operation. (JJ-C)

KSC FITNESS CENTERS' LUNCH AND LEARN: "Fitting the Pyramid Into Your Life." Summer's over but you still need to watch what you eat! Bring your lunch and learn how to create healthy meals utilizing the Food Guide Pyramid. September 3, from 12:00 noon – 12:30 p.m., in Headquarters, Room 2533. Call 867-7829 to sign up. (JJ-C)

KSC FITNESS CENTERS PRESENT "HIKE FOR HEALTH:" August 30 – October 27. Fall into fitness by "climbing" a mountain! Climb the stairs up Mount Washington or Mount Fuji! The goal of this motivational program is to promote the use of stairs rather than elevators, both at KSC and away from work. Both teams and individuals may participate. Call 876-7829 for more information. (JJ-C)

NUTRITION TIP OF THE WEEK—FROM THE KSC FITNESS CENTERS: Want to cut down on fat? Read a food label. A study in the January, 1999 issue of the Journal of the American Dietetic Association found that people who read Nutrition Facts on packaged food labels consumed 6% less fat than those who did not read them. That may not sound like much, but it's enough to decrease your risk for diet-related chronic diseases like obesity and cancer. (JJ-C)

KSC FITNESS CENTERS BRING YOU "THE BENEFITS OF MASSAGE" WORKSHOP AND SEMINAR: Taught by Jeff Chiapperino, from the Gentle Hands Massage, this class will offer information about massage as well as a demonstration of massage techniques. Bring your lunch to the O&C Aerobics Studio on Wednesday, August 25, at 12:00 noon – 12:45 p.m. Call 867-7829 to sign up. (JJ-C)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff at the Kennedy Space Center on August 13 in honor of William P. Bocskocsky, the principal hydrogeologist for HSW Environmental Consultants. Mr. Bocskocsky died on August 9 and was buried on August 13. (FF-S2-A)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Station employees. Appointments are necessary to ensure adequate time. This program is available Monday through Friday, 7:30 a.m. to 4:00 p.m. Appointments may be made by calling 867-7398. (JJ-C)

KSC RIDESHARING PROGRAM: The KSC Ridesharing Program assists you in joining existing car/van pools or forming new ones. Forms for the Ridesharing Program are available by calling 867-3420. The information provided on the forms will be fed into a computer which matches people by residential areas and compatibility of work hours. Each person responding will be sent a list of potential car or van poolers. The Brevard County Space Coast Area Transit provides the listings. (FF-S2-D)

MISUSE OF THE NASA INSIGNIA: Use of the computer templates, containing the NASA Insignia, for the production of NASA letterhead in electronic form is not authorized and should be removed from all computer systems. The Associate Administrator for Public Affairs has requested all NASA centers use only the printed NASA letterhead stationery. "The use of computer file NASA Insignias to custom design stationery provides opportunities for image manipulation and standards degradation which will adversely reflect the professional image of the Agency." If not approved for specific applications, electronic images of the NASA Logo ("worm") and Insignia ("meatball") should be removed from computer systems. (FF-S2-A)

GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the JBOSC Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with JBOSC Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. (FF-S2-A)

KSC ELECTRONIC FORMS: Civil Service and contractor employees are encouraged to request access to the KSC Electronic forms software. This software application allows users to access both KSC and NASA forms online from their own workstation. Bond paper copies of electronic forms will continue to be available through the FORMS WAREHOUSE until October 1, 1999. As stocks are diminished, the center will convert to on-demand printing of paper forms for users who do not have access to a computer. The internet address <http://kscforms.ksc.nasa.gov> provides software installation and usage instructions along with the entire forms index listing, including NASA forms. J-BOSC personnel should request access through the CARE Center at 867-5010. NASA personnel who receive assistance through the Outsourcing Desktop Initiative (ODIN) contract should call the ODIN Help Desk at 867-ODIN. Boeing personnel should contact their Helpdesk. All other KSC personnel can use KSC Form 28-780NS to request access. For additional information users should call the J-BOSC Forms Control Office at 867-3590. (FF-S2-A)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

KSC LIBRARY—INTERNET RESOURCES: [Applied Science and Technology Index](#) and [Business Periodicals Index](#) are now available on the World Wide Web from KSC networks at <http://wilsonweb2.hvwilson.com/autologin/>. For assistance call 867-3600. (FF-S2-A)

KSC LIBRARY—INTERNET RESOURCES: [Engineering Index](#) and [Engineering Information Village](#) are now available on the World Wide Web from KSC networks at <http://www.ei.org>. For assistance call 867-3600. (FF-S2-A)

KSC LIBRARY—HOURS OF OPERATION: The Reader Services and Acquisitions Departments of the KSC Library are open from 6:45 a.m. to 5:00 p.m., Monday through Friday. The Archives and Documents/Specifications & Standards Department are open from 7:30 a.m. to 4:00 p.m.; however, assistance in all departments during the expanded hours can be obtained by calling 867-3600. (FF-S2-A)

KSC LIBRARY: Tours of the library for individuals or groups may be scheduled by calling 867-3600. (FF-S2-A)

USE OF MULTICOLOR OFFSET PRINTING, COLOR COPIERS, AND COLOR PRINTERS: Managers and employees are reminded that all color printing/copying must be in accordance with NPG 1490.5A. The NPG states that offset printing in two or more colors is prohibited for work in which additional colors provide no demonstrable value, but are used primarily for decorative effect. The unnecessary use of color products costs the government additional money without additional benefit. The NASA Inspector General has reviewed various agency products and determined that color products have increased significantly. Managers at all centers are to ensure requests for multicolor printing and color copying are only made when the use of multiple colors adds demonstrable value, not just cosmetic appeal, to the product. For more information, contact the KSC Printing Management Officer, Ted Courson, 867-4256. (FF-S2-A)

ORDERING BLANK FORMS/PUBLICATIONS: All requests for blank forms and publications should be submitted on KSC Form 7-11 to the Forms Warehouse (mailcode: "FORMS WAREHOUSE"). Allow approximately 5 working days to receive the requested material. Any requests for emergency or work-stoppage forms will be handled by Forms Control by calling 867-3590. Customers should not go directly to the warehouse to pick up forms without calling Forms Control first. Customers cannot call the Forms Warehouse direct because they have an unlisted telephone number. (FF-S2-A)

NASA CENTERS SKI WEEK 9: Kennedy Space Center is hosting NASA Centers Ski Week 9, is a 8 day/7 night trip to Big Sky, Montana on January 22-29, 2000. The trip is open to all NASA and Contractor employees, their families and friends. The price of \$1089 per person, double occupancy, includes round trip airfare from Orlando to Bozeman, all ground transportation, 5 of 6 day lift pass, 7 nights lodging at the Huntley Lodge, welcome party, Theme Banquet with entertainment, and Souvenirs. The Huntley Lodge includes a daily breakfast and is ski in—ski out. The standard room has two queen beds, a coffee maker, and a mini refrigerator. Option for sixth day skiing is available. Non-ski options and child prices are also available. This mountain has been upgraded over the last few years and contains many slopes from beginner to expert. Other available activities include: Snowmobiling at Yellowstone Park, Sleigh Ride Dinners, and Dog Sled rides. **THIS TRIP HAS SOLD OUT THREE TIMES ALREADY.** There are a few tickets left on the fourth order. I will not be getting any more after this. For further information or applications, contact: Richard Miller, KSC Trip Leader, at 861-3961, or **Richard.Miller-1@ksc.nasa.gov**.

SPACEPORT ROCKETRY ASSOCIATION conducts its high power sport rocket launch every third Saturday of the month, from 11 a.m. to 4 p.m., at its Palm Bay launch site. The next launch is scheduled for August 21. Scores of high power rockets will be launched throughout the day from a six-pad launch facility. Six pads are also available for low power (Estes type) model rockets. For those who wish to launch with the club on a continuing basis, membership is encouraged (only \$12/year) and applies only to those using the equipment. There are no fees associated for those who come only to observe. If the weather appears marginal on the morning of the launch, a recorded message may be accessed by calling 561-564-9361 for the latest launch status. Visit the website at <http://members.aol.com/tmiller135/sra>; it will give a list of club officers to contact for directions to the launch site.

KARS RACQUETBALL LEAGUE: New league forming. All KSC/CCAS employees welcome. Please respond by August 27, 1999, to Diana Calero by email at **Diana.Calero-1@ksc.nasa.gov** (preferred), or 867-4774. League begins September 27, 1999.

KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require you to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training. For more information on the Toastmasters organizations and the three different locations/dates for training sessions at KSC and CCAS, contact Mike Schnoke, Jack Jamba, Bill Cleaver, Dian Hardison, or Nona Mamaradlo at 784-7502.

BARRY UNIVERSITY: Barry University is currently accepting applications for the Fall Term (10/8/99) start date of the Master of Science in Information Technology degree program. This new degree program provides a unique interdisciplinary approach to technology, as a result of the collaboration between the Information Technology, Computer Science, and Business programs of Barry University. Courses are designed to bridge the gap between traditional computing theory and practical application. Courses include Emerging Technologies, Computer Networks, Database Management, Fourth Generation Languages as well as Practicum and an Integrated Capstone Project. An Open House will be held on Friday, August 27, 1999, at 5:30 p.m., at Barry University, 135 E. Merritt Ave., Merritt Island (Home Depot Plaza). To make a reservation, and to receive a catalog and application information, please call 453-6253.

BREVARD COMMUNITY COLLEGE (BCC): BCC is open for walk-in registration from 10 a.m. to 4 p.m., Monday through Friday. We will have a Program Advisor on-site at least once a week. Call if you need an appointment. Fall Schedules have been dropped off at many of the area buildings, you may also pick one up at our office at the NETC Building, at 2nd Street and B Avenue. Our telephone number is 449-5046.
